

Inglés conversacional avanzado

Objetivo

The objective of this course is to enable learners to use English fluently in informal and formal situations. Learners practise expressing opinions, describing feelings and defending arguments with more advanced vocabulary and structures.

Qué trabajarás

Introductions, formal and informal conversation, anecdotes, presentation structure and visual aids, and debate. Interactive masterclasses give guided speaking practice.

40 Horas de teoría.

B2 Nivel MCER recomendado.

5 Unidades.

Programa del curso

Unit 1: Conversational English 1

- 01 Meeting someone new**
This lesson deals with ways to socialise in a business setting.
- 02 Introductions - Masterclass**
This interactive class encourages learners to practise the language of introductions and meeting people.
- 03 Body language**
This lesson introduces the topic of non-verbal communication through reading comprehension and a review of how to pronounce the letters of the alphabet.
- 04 Why aren't you happy?**
This lesson reviews vocabulary related to feelings and describing personality.
- 05 Have a nice day!**
This lesson shows learners some of the most common vocabulary differences between British and North American English.
- 06 Joining the group**
This lesson covers various structures used to talk about past habits and includes listening practice. Learners will also review ways to express dates and some common adjectives.
- 07 Friendship - Masterclass**
This interactive class focuses on talking about friends and family - giving the learner the opportunity to practise the vocabulary and structures covered so far.

Unit 2: Conversational English 2

08 The Language of Business

A review of formal and informal business language and the typical expressions that are used in the business world.

09 Work and leisure - Masterclass

Review of -ed/-ing adjectives, likes, dislikes and routines in an interactive class.

10 I'll give you a ring!

This lesson introduces some common idioms and colloquial expressions and also reviews the use of question tags.

11 Old Friends

This lesson focuses on the present simple and present continuous in the context of old friends meeting and exchanging information about their lives.

12 Anecdotes

This lesson uses a range of past tenses to practise telling anecdotes and talking about the past in general.

13 Mass media - Masterclass

This interactive class focuses on the language and issues surrounding mass media, encouraging the learner to express their own opinions on the topic.

Unit 3: Presentations 1

14 Outlining the presentation

This lesson focuses on the importance of outlining a presentation in order to provide a structure that the audience can follow easily.

15 Starting the presentation

This lesson deals with the use of sequencers and signposting when starting a presentation.

16 The main part of a presentation

This lesson continues to look at the use of signposting in presentations as well as other expressions to be used during the main part of presentations.

17 Ending the presentation

This lesson uses dictation, reading comprehension and matching exercises to show learners different ways of ending a presentation.

18 Presentations

This lesson provides a comprehensive overview of all aspects of giving a presentation.

Unit 4: Presentations 2

19 Typical expressions

Learners will see the most useful expressions for presentations - in particular to talk about visual aids and distinguish between formal and informal language.

20 Dealing with questions

This lesson shows the learner ways of dealing with questions in a presentation context. There is also a review of indirect questions with exercises to practise the structure.

21 Referring to charts and graphs

Learners will see more ways of referring to charts and graphs, talking about trends and discussing the information on slides.

22 Virtual presentations - Useful expressions

This lesson shows the specific language needed when giving virtual presentations.

23 Public speaking

This lesson shows different settings for public speaking as well as providing comprehension practice.

Unit 5: Debates

24 Discussion and debate

Learners review reported speech as well as learning some typical expressions used in discussions and debates.

25 Twentieth century breakthroughs

Historical breakthroughs, social change and an informal listening discussion.

26 Giving opinions - Master class

Guided dialogues with the teacher to practise giving opinions and discussing differences.

27 Animal rights - Reading comprehension

This lesson is based on reading and listening comprehension about a controversial topic.

28 By the year 2050...

This lesson reviews future tenses with an informal discussion between friends.

29 The Brontë sisters

Learners will see useful ways of using inversion for emphasis as well as review adverb / adjective collocations.

30 Using your judgement - Masterclass

This interactive class encourages the learner to answer the teacher's questions and express themselves on a range of topics.

Final test

31 Final test

This test reviews the conversational language used between friends and colleagues seen during the course.
